Dear City of Wilsonville,

Thank you for taking the time to look into the planned 1000 foot runway lengthening improvement at the Aurora Airport.

Please register my strong support for this runway lengthening and for the substantial increase in safety it will provide to the aircraft operating off the Aurora Airport and to the surrounding areas.

While I appreciate that Wilsonville may have concerns about noise current decibel rates for business jets are much quieter than smaller single engine aircraft. Wilsonville also may have concerns about traffic. The runway extension will not be increasing any developable land to support increased traffic. It will be protecting this land from future development. Lastly if we are to experience a subduction earthquake, this runway extension will be paramount to providing life saving supplies and equipment for our neighbors and citizens.

Thank you,

A handwritten signature in blue ink that reads "Sean But". The signature is fluid and cursive, with a long horizontal stroke at the end.
