Subject: Aurora Airport

Dear City of Wilsonville,

The Aurora Airport will play a major role in supplying area residence with food and medical supplies after a natural disaster such as the earthquake resulting from the Cascadia Subduction Zone.

Communities will become isolated because of major bridge damage throughout the Willamette Valley. Airlifting supplies will become vital to sustaining life as we know it.

Thank you for taking the time to look into the planned 1000 foot runway lengthening improvement at the Aurora Airport.

Please register my strong support for this runway lengthening and for the substantial increase in safety it will provide to the aircraft operating off the Aurora Airport and to the surrounding areas.

Thank you,

Neal White
