SUBJECT: Proposed Amendment to United Disposal Service, Inc. Franchise

United Disposal Service, Inc. is requesting an amendment to their existing franchise for the purpose of recognizing the requirement of Senate Bill 405 which was enacted by the 1983 Legislature as the "Opportunity to Recycle Act". This Statute requires that our solid waste franchise holder provide an opportunity to every citizen to recycle. This mandate must be a condition. The attached Ordinance will accomplish this requirement.

Also, on this agenda as a Resolution our solid waste franchisee wishes to establish rates for an alternate method of disposal of household and business solid waste. This is a non-metal wheeled and covered waste receptacle which can be mechanically dumped into the franchisee's truck. This comes in a 60 gallon cart size and a 90 gallon cart size. The use of this equipment will reduce the current cost of the two-or three-can pickup.

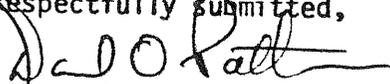

Additionally, a customer could go from a one-can (30 gallon) resident to a 60-gallon cart at a cost increase of \$1.35 per month (\$6.60 to \$7.95) and for commercial an increase of \$2.85 (\$7.15 to \$10.00).

The customer will be required to bring the wheeled cart to the curb for pickup.

It would appear that this system would clean up neighborhoods and enable for refuse to be disposed of mechanically and safely.

Recommendation: Adopt the Ordinance establishing the "Opportunity to Recycle Act" in our solid waste franchise ordinance and adopt the Resolution establishing the rates for pickup using the 60 gallon and 90 gallon cart system.

Respectfully submitted,

Daniel O. Potter
