RE: PARKING ORDINANCE ON BOONES FERRY ROAD  
AT THE GRADE SCHOOL

At a regularly scheduled meeting of the Transportation Advisory Commission on July 18, 1991, the Commission's attention was drawn to several citizen's concerns about parking along the bike path at the school playground on Boones Ferry Road. It was pointed out that even with the school's newly constructed parking area people, using the ball fields, would park on the bike path and force pedestrians to walk in the street. It was suggested that signs be posted directing vehicles to the school parking lot and that all parking in front of the school on Boones Ferry Road be terminated.

It was pointed out that the soon to be city-wide parking ordinance would address this situation. However, the Commission felt that the city-wide ordinance would probably not be approved until September or October and that this problem needed to be addressed immediately.
