

RESOLUTION NO. CXXXVII (137)

RESOLUTION DECLARING INTENTIONS TO PROCEED WITH THE CONSTRUCTION OF STREET, DRAINAGE, WATER, SEWER, GAS, TELEPHONE, AND LIGHTING IMPROVEMENTS IN THE CITY CENTER LOOP ROAD LID #5 R.

WHEREAS, a public hearing for remonstrances on the engineer's report for construction of street, drainage, water, sewer, gas, telephone and lighting improvements as requested by property owners in the Local Improvement District in the City, which is known and now named as the "City Center Loop Road LID #5 R" and was designated as such by council Resolution No. CXXXVI (136) adopted February 19, 1980, was duly and regularly called, advertised and held by the Wilsonville City Council on March 3, 1980; and

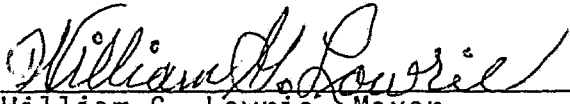

WHEREAS, there were no objections made by the owners of the property in the area of said District to be assessed and all who appeared at the hearing gave unanimous approval to proceed with the improvement project and there were no written remonstrances or objections filed before, during or after the hearing by anyone; and

WHEREAS, the Council considered the matter including the engineer's report as previously required and subsequently revised and modified, and determined that there were not sufficient objections and remonstrances to require abandonment of the improvement proceedings and that the City Council should proceed with the project as requested by the property owners and now planned; now therefore, it is hereby

RESOLVED that the City proceed with the project for the construction of street, drainage, water, sewer, gas, telephone, and lighting improvements in that area of the City designated now as the "CITY CENTER LOOP ROAD LID #5 R"; and that the City Council has determined and now declares that this Local Improvement District is beneficial to the City of Wilsonville and the community as a whole, and that this project and the said improvements which are summarized herein and more particularly described in detail in the engineer's report, are necessary for the public health, safety and welfare; and that Westech Engineering, Inc. as the City's engineer for such project

is directed to prepare detailed plans, specifications and cost estimates for the proposed improvements after but not before the Council by motion specifically directs the preparation of such items and approves the time schedule for commencement of the project.

ADOPTED by the Wilsonville City Council at a regular meeting thereof on March 17, 1980.

William G. Lowrie, Mayor

ATTEST:

Deanna J. Thom, City Recorder
