

RESOLUTION NO. 318

A RESOLUTION AUTHORIZING STAFF TO PREPARE THE BID SPECIFICATION AND ADVERTISE TO RECEIVE BID FOR A SPLASH VALVE ASSEMBLY FOR THE SLUDGE TRUCK.

WHEREAS, in order for the wastewater treatment plant to continue to distribute sludge on the Star Moring Farm property, it was determined that a splash valve assembly was necessary to provide even distribution of sludge on the field; and

WHEREAS, in order to eliminate continuous puddling of sludge due to the process of opening the manual valve assembly which presently exists on the sludge truck, it was determined that an on air release valve would enable the sludge truck operator to open the valve assembly from the sludge truck cab while the truck was moving; and

WHEREAS, the owners of Star Moring Farms have indicated that it will be necessary to begin utilization of the splash valve assembly and splash plate to begin field spreading of sludge by July 1, 1983 in order to provide the City enough time to complete the splash valve installation on the sludge truck; and

WHEREAS, funds were allocated as a part of the 1982-83 adopted budget Account No. 02-50-60710; and

WHEREAS, the Public Works Department shall be responsible to prepare the bid document to receive bids for the project.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City of Wilsonville that:

1. The City Council authorize staff to prepare the bid specification and receive bids for the splash valve assembly.
2. Fund the purchase of the splash valve assembly shall be appropriated from Account No. 02-55-60710.

ADOPTED by the Wilsonville City Council at a regular meeting thereof this 6th day of June, 1983, and filed with the Wilsonville City Recorder this same date.

WILLIAM G. LOWRIE, Mayor

ATTEST:

DEANNA J. THOM, City Recorder
