Re: UNITED DISPOSAL SERVICE, INC. - Pass Through of Increases
Costs for Disposal, Recycling and Franchise Fee

Dear Pete:

Thank you for agreeing that we could be on your Council agenda for the meeting of May 7, for the purpose of requesting a pass-through of the increased cost of disposal and recycling, together with the franchise fee that is generated by these increases.

As you are aware, Metro is increasing its disposal fee, effective July 1, 1990. In addition, your franchisee is providing new recycling bins for every household in Wilsonville, and Clackamas County has determined that the pass-through cost for this additional recycling service is 15¢ per can.

In addition to the pass-through, we are asking for one small change in the 20 yard drop box rate. Your franchisee charges more than the \$59 per 20 yard drop box in all his other jurisdictions, and somehow this rate has gotten skewed in Wilsonville over the years. We are requesting that Wilsonville bring their rate up to \$62, which will still be under all his other areas.

Enclosed please find the following documents in support of our request:

1. Formulas for the disposal fee increase for the various classes of service;
2. Computations for the disposal, recycling and franchise fee increases for the various classes of service, based on the formulas.
3. Proposed new rate schedule.
4. Schedule of drop box rates (20 yard) in other jurisdictions.

After you have had a chance to review this material, if you have any questions, do not hesitate to contact me. I would be glad to meet with you if you felt that would be helpful. I am, also, enclosing a Schedule of Comparative Rates that shows Wilsonville's rates will still be very reasonable if these increases are granted.
